President Report – Beth Sisk
NeASFAA 1/27/2017 Board of Directors meeting

I attended the RMASFAA board meeting and conference in October 2016 in Rapid City, SD.

• From the board meeting
  o “Thought force” formed by regional association presidents to present in February at national level on state/regional/national alignment to use scarce funding and volunteer resources efficiently at each level of association. Art Young, Mary Sommers, Vicki Kucera, and Brenda Hicks are the thought force for the RMASFAA region.
  o RMASFAA is giving more exposure to Leadership Pipeline to generate more interest and contacts. It is one of the three big offerings RMASFAA has, but hasn’t been as prominent as the fall conference or summer institute. They have added a new link on the website and more to the program, including at the conference.

• From the transitional board meeting: NASFAA Dallas Martin Scholarship applications are available. Past NASFAA Chairs pooled personal funds to create a one-time scholarship to be given by each regional board. Priority is given to individuals who are currently working in student financial aid. Completed applications are submitted to the state president. One applicant must be selected or the funds could be split among more than one recipient. It will depend on the applicant pool and the RMASFAA board decision.

Private Colleges and Universities Report:

Sent email to all four-year private members on January 18th.

Received one response from Peggy Tvrdy at Doane University

"Just working through our PJ process and prior-prior year. Also, Miranda Henderson joined our office i as a PT Financial Aid Counselor in November."

No further responses were submitted.

Thank you,

Four-year Public Sector Report
January 27, 2017

Sent email to all four year public members. Had member respond with the following:

"I would like the NeASFAA Board to discuss the state budget cuts. Since the reduction of the Neb Opportunity Grant affects all of us, I would like the Board to draft and approve a letter of advocacy on behalf of financially needy Nebraska resident students in the state urging the legislature not to reduce appropriations for this state aid grant. The letter can also be made available to the membership if members would like to call their representative and the Board could make a few talking points for members to help them with what to say about the program and how it affects the students in their district. Many of these students will be burdened by this cut in several different ways, which could include increases to their tuition or decreases/stagnation in family income for those who are also employees."

Through further inquiry with all four year public sector Financial Aid Directors, received a majority support in NeASFAA drafting and submitting a letter of advocacy.

No further inquiries or request were submitted.
Conference Philanthropy Project
The following two suggestions were among those nominated by CDC. Background info, which I p from their websites, is noted for each. More can be found at the noted URLs. Conversations have been held with either organization to see how they would use the money. Additionally, no recommendation is being made in favor of any one because of the possibility we have worked wi of them previously and the board might prefer to assist one we have not.

Programs include:
- Second-chances: CFPIN teaches recently released people convicted of crimes the needed and jobs skills that will bring them "back into the fold".
- Adult Education:
  - People Obtaining Prosperity (POP) allows qualifying persons the opportunity to a Southeast Community College tuition-free. Adult students can receive IT assistan well as program case management to better succeed and earn more income.
  - English as a Second Language courses (ESL) are one of the most popular program.

CFPIN.
- Social Support: Events are held throughout the year to address alleviating poverty with important products and services. Many events are geared towards allowing families to ta in holidays they may otherwise not afford, such as Toyland for Kids and Giving Thanksgiv Food. Other events are specific to the needs of children, such as Teen Day (clothes and for girls), or Tools for Education which provides school supplies in autumn. These events families and individuals to focus their financial efforts on housing, transportation, childca other essentials.

CEDARS continues to respond, giving hope to youth in need and direction to families struggling to together. It is the mission of CEDARS to help children who have been abused, neglected, and hor achieve safety, stability, and enduring family relationships.

Current P&P establishes that the Associate Sector Rep, with input from CDC, is to propose the philanthropy project for the conference. CDC is then to promote and coordinate the project at/f conference. I think the board should consider changing procedure to put the project entirely in t hands of CDC since the Associate Sector Rep is to propose and then CDC gets tuck doing the real legwork.

That does it for now.

Report from Corporate Development Committee Chair

2017 Philanthropy Project

On 1.4.2017, presented two (2) organizations to choose from, for the spring 2017 conference philanthropy project, to Kent Wolfe, for board approval. Both are located in Lincoln, NE.

They were:

- Center for People in Need
- Cedars Home for Children

Upon selection by the board, CDC will contact the organization for further communication on how funds would be used.

2017 Conference Exhibitors

An email will go out the next week to all associate members to encourage them to exhibit at the conference. Suggestions from the board on other people/organizations who could be contacted would be appreciated.

Membership Connections Committee Report

January 27, 2017

Linda Butcher, Committee Chair

The committee scheduled a conference call on November 15, 2016, to discuss committee duties issues concerning the committee.

Behind the scene changes have been made to the NeASFAA website to allow committee members to make changes to the Membership Directory directly. In the past, the committee needed to provide an updated Membership by Institution PDF to SOCS to update the website, but now we’re able to upload an updated PDF yourselves.

The committee has continued assisting PDRC by putting the NASFAA Credentialing information in a secure section of the NeASFAA website for members participating in the training to access.

Nominations and Election Committee Report – Stacy Dieckman
NeASFAA 1/27/2017 Board of Directors meeting

The committee worked to fill the ballot this year with the goal of having at least two people run for position. The committee was very appreciative of everyone that agreed to run for a position and have a great slate of candidates.

The Election results will be announced to both those that did and did not win on Monday, January 31st. I should have results to announce at the board meeting.
1) October credentialing session had 51 originally registered, but 3 were not able to attend.
   a. Budgeted amount at $2000 have spent to date $1361.05
   b. Gross earnings to date $3780

2) Fall Training
   a. Neophyte – 37 registered (still waiting on payment from 3 participants)
   b. Inter-Advanced – 31 (waiting on payment form 1 participant)
   c. Budget amount $2200 spent $1169.27
   d. Gross earnings on fall trainings $3200 (will be $3400 once remaining payments are received)
   e. Using the cafeteria at Doane greatly reduced our cost

3) Found and submitted two site options for 2018 conference to the BOD for vote. The site Divots in Norfolk and River’s Edge Convention Center in Columbus. BOD voted for Columbus location.

4) PDRC is recommending that we start to sign contracts 2 years out for the conference. The getting dates with the location that we wanted was extremely difficult.

5) February credentialing training had to be moved to the 16th of February to accommodate conflict of schedule.

6) Have sent out save the dates to 32 retirees, official invitations will be mailed first week of February.

7) Admiralships – This year we were trying to get caught up with Admiralships for past retirees. However we have found a few issues. The first is that there is not a master list from the NeASFAA of Admiralships that we have been able to locate. Since we do not have a list we do not know who has received one and who hasn’t received one. Next, in the past we gave Admiralships we had them framed up, to present them as we have in the past we would need to ask for a budget variance. Finally, we would need others to complete these up to request the Admiralships since they have to have a reason WHY we are requesting. With this the PDRC committee is requesting that we forgo catching up on Admiralships and move forward we remove Admiralship requesting form what we give to retirees.

8) Committee of the Year Award – At this point the PDRC committee is asking that we reconsider giving out the Committee of the Year Award. With Membership and Communications being combined and PDC and Awards being combined we have fewer committees and those are committees that have received the award the most. Out of the 21 years those committee received the award 16 times. Since 1996 the breakdown of the Committee of the Year Award
   a. Membership & Communications
   b. PDC
   c. Awards
   d. Committee of the Year Award
9) With RMASFAA offering out free credentials we have decided to include the Direct Loan credentialing on Wednesday, March 29th as part of the conference. We will be limited to participants for the DL session. This means that participants could get two credentials during the conference DL & R2T4. The R2T4 session will be limited to 20 individuals.

10) Wednesday, March 29th in the am is when we have the BOD meeting scheduled. Lunch will be at the Embassy. Will have the choice between the Voodoo Chicken with Rice or Brisket with Garlic Mashed Potatoes. Will need to know selection and numbers by March 20th.
